## General Information

# Siamonie MOONLIGHT

## General Information

MADE  
IN  
GERMANY

### Introduction

- Glass design element including integrated RGB-atmospheric light. The colors can be set alternately or permanently.
- A stable 7" touch display behind a 4 mm safety glass, brilliant image representation and color quality
- 10 image selection buttons with a second shelf for refinement; Optional: Additional level for espresso specialties
- Conversion of images and easy editing by Drag & Drop Export of the designs via a USB stick
- Direct language switch and individually programmable screen interface via SiDesigner

### Overview

Dimensions:	710 x 450 x 570 mm (height x width x depth)*
Weight:	Approx. 68 kg
Electrical connection values:	220 - 230 V / 50/60 Hz / 16 A
Output:	2.9 kW (optional 2.2 kW)
Number of drinks:	Max. 250 cups/hour

*\*Deviations in the housing dimensions are possible due to add-on parts and accessories.*

### Design variants

- Integrated RGB atmospheric lighting
- The colors can be set alternately or permanently - for individual selection of the color illumination.
